

Ennis Traffic Management Plan (Schedules)

Introduction

The town of Ennis is strategically situated at the core of Ireland's Shannon Region and the Atlantic Development Corridor in the West of Ireland. It is designated a growth hub under Ireland's National Spatial Strategy, a centre specially selected to promote economic activity in its hinterland area. Located in the centre of County Clare, it is a focal point for much traffic with the National Primary N18, the National Secondary routes N85 & N68, the Regional R474, R475, R352 & R469 and a number of local routes all amalgamating in the town centre. Ennis ensures convenient access to local, national & international centres by road, rail & air.

Ennis is a historic town, which dates back to the 13th Century. The town combines the very best of the old & the new. It has narrow pedestrianised streets, quaint shop fronts, traditional markets, old world pubs, fine restaurants, its great tradition of Irish music alongside modern shopping outlets, leisure facilities and cultural centres such as Glór.

The town is within easy reach of Clare's dramatic coastline, the world-renowned Burren region & many other tourist attractions in the West of Ireland.

The Council want to introduce appropriate traffic, parking & pedestrian management measures within the town centre to assist the flow of vehicular traffic, and enhance the pedestrian environment through the creation of pedestrian friendly spaces, crossing points & improved facilities for those with disabilities.

The objectives of the Ennis Traffic Management Plan are:

- Remove congestion, particularly on routes entering the town
- Enforcement of Parking Restrictions
- Pedestrian Safety

Parking

The Town Council have 10 council car parks throughout the town of Ennis, along with areas of Pay & Display Parking.

Recommendations:

1. Extension of parking restrictions to encourage better use to be made of the car parks and designated parking zones and thus alleviate traffic congestion.
2. Additional Parking Restrictions to apply.
